

Criterion B: Record of Tasks:

[x] Appendix (meeting) index.

Task Number	Planned action	Planned outcome	Time estimated	Target completion date	Criterion
1°	Meeting Client. [A.1]	Discussing the issue of my client and finding a possible solution.	(1 h)	5 June, 2022	A
2°	Self-reflection.	Obtain a basic plan on how to best adapt and fix the issues of my client.	(2h)	6 June, 2022	A
3°	Clearly state the problem and its proposed solution.	Draft Criterion A (Problem and solution).	(2h)	8 June, 2022	A
4°	Meeting with Supervisor [A.2]	Advice from my supervisor regarding the system planification and future of project.	(30min)	11 June, 2022	A
5°	State the rational for the product.	Draft Criterion A (rationale).	(1h)	15 June, 2022	A
6°	Thinking + Design overview (Flowcharts and UMLs)	Draft Criterion B (Design overview).	(10h)	25 June, 2022	B
7°	Thinking + Design overview (database dictionary)	Finish the database dictionary as well as polishing flowcharts and UMLs.	(10h)	10 July, 2022	B
8°	Meeting client. [B.1]	Obtain approval to start programming (based on criterion B draft)	(30min)	12 July, 2022	B

9°	Informative	(8°) approved	N/A	N/A	B
10°	Programming	Writing and debugging code for Sign-In and Log-In	(6h)	18 July, 2022	C
11°	Meeting Client. [B.2]	Presenting work done in Log-In and Sign-In	(30 min)	20 July, 2022	B
12°	Informative	(11°) approved.	N/A	N/A	B
13°	Programming.	Creation and finalization of Menu frame.	(1h)	21 July, 2022	C
14°	Programming the database connection class	Finalizing the Database connection + open and close database (functions)	(2h)	25 July, 2022	C
15°	Meetings with Supervisor. [C.1]	Clarify some questions regarding issues with the database connection.	(30 min)	27 July, 2022	C
16°	Fixing database connection. (15°)	Change Java project to NetBeans and shift from Maven to Ants. + *Import SQLite jar*	(8h)	5 August, 2022	C
17°	Research + programing the emailing system.	Functional emailing system for password retrieval.	(10h)	15 August, 2022	C
18°	Meetings with Supervisor. [C.1]	Meet supervisor to improve emailing system -> Support an array of emails.	(1h)	17 August, 2022	C
19°	Programing.	Finalization of the StudyGroup System.	(15h)	30 August, 2022	C

20°	Programming.	Finalization of the Tutoring system	(5-10h)	8 September, 2022	C
21°	Programming.	Implementation of error handling	(5h)	21 September, 2022	C
22°	Resources.	2022-2023 Timetable available.	N/A	25 September, 2022	C
23°	Programming.	Finalization of the AvailableRooms system.	(10h)	7 October, 2022	C
24°	Meeting Client. [B.3]	Meeting client to discuss the implementation of a settings portal + few limitations.	(30 min)	9 October, 2022	B
25°	Informative	(24°) approved.	N/A	N/A	B
26°	Update Criterion B (25°)	Add (Flowcharts, UMLs, and Classes) for the settings system.	N/A	N/A	B
27°	Programming.	Completion of the Settings systems.	(5-10h)	18 October, 2022	C
28°	Outlining Advanced, Intermediate and Basic techniques.	Basic draft Criterion C	(2h)	23 October, 2022	C
29°	Polishing (28°)	Completion of Criterion C	(10h)	3 November, 2022	C
30°	Downloading software for video + video outline	Software downloaded + Video outline done.	(1-2h)	8 November, 2022	D

31°	Trials + final video recording	Video Recorded	(3h)	15 November, 2022	D
32°	Run Test plan.	Complete test plan through experimentation: (Dry-run testing), (Unit testing), and (Integration testing)	(2h)	20 November, 2022	E
33°	Meeting Client. [E.1]	Presenting the Product to the client and recollecting general feedback.	(2h)	25 November, 2022	E
34°	Success evaluation [E.1]	Draft Criterion E (Test plan + Success evaluation)	(2h)	28 November, 2022	E
35°	Overall Assessment [E.1]	Draft Criterion E (Test plan + Success evaluation + Overall Assessment)	(1h)	30 November, 2022	E
36°	Meeting Client [E.1]	Reflecting on future developments.	(1h)	4 December, 2022	
37°	Future Developments [E.1]	Draft Criterion E (Test plan + Success evaluation + Overall Assessment + Future Developments)	(2h)	6 December, 2022	E
38°	Export the code and check if it is runnable on other devices.	The code works on other devices, and it is properly runnable.	(1h)	8 December, 2022	C
39°	Turnitin check + bibliography review.	All sources have been cited for both the code and Criterion C	(1h)	10 December, 2022	N/A
40°	In-text explanation of the code	All the code is commented and explained. It is understandable.	(3h)	12 December, 2022	N/A

41°	Writing contract + Signing (With client)	Signed authorization form for data recollection	(2h)	14 December, 2022	N/A
42°	Check all documentation.	All documents are ready and completed.	(2h)	16 December, 2022	N/A
43°	Research more about the usage of HTML.	Understand the use of HTML	(2h)	20 December, 2022	N/A
44°	Compile all the documentation.	Create html cover page + arrange documentation ready for submission.	(1h)	22 December, 2022	N/A
45°	Final IA submission.	Submit final IA to supervisor and share the product to the client.	(1h)	26 December, 2022	N/A
